

MEGAMAN

FIXTURES

The Megaman fixture range has expanded!

Megaman now offers a full spectrum of fixtures for applications such as retail, hotels, restaurants, homes and offices.

Megaman's extensive range of interior and exterior light fittings are designed around LED low energy lighting. We aim to promote energy efficiency whilst delivering high performance

lighting effects in commercial and residential applications.

Whether you are looking for recessed downlights for general lighting, track lights for spot lighting or outdoor floodlights for landscape lighting, we have the right product mix for you to fulfil ever demanding lighting needs.

DINO LED BATTEN

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

DINO

A superior, modern linear light fitting ideally suited to car parks, walkways and corridors.

FEATURES

- Integrated LED battens with tough polycarbonate body and prismatic diffuser
- Available in 19.5W, 46W and 70W variants
- High lighting performance: 70% lumens at 50,000 hours
- UV resistant and corrosion proof
- IK08 for vandal resistance, also supplied with stainless steel clips
- IP66 protection against water and dust ingress
- PIR sensor options available
- Up to 93 lumens per watt
- 3 year warranty

BENEFITS

- Integrated LED technology using the latest high performance Megaman Tecoh FLx LEDs
- Ideal alternative to T5 and T8 fluorescent fittings
- Sensor dims to 10% output with adjustable time delay
- Simple installation and easy maintenance
- Wire through feature making cable runs shorter
- 120 degree output for wider light distribution
- Suitable for indoor and outdoor applications
- Suitable for high vandalism risk installations
- Part L compliant

APPLICATIONS

- Car parks
- Warehouses
- Workshops
- Underground areas
- Corridors
- Commercial kitchens

SIENA INTEGRATED DOWNLIGHT

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

SIENA

High performance, easy to install integrated LED downlight range.

FEATURES

- Recessed Integrated downlight available in 12.5W, 20.5W and 35.5W variants (dimming 13W and 21.5W)
- Dimming option available
- Square option available
- Warm and Cool white variants
- High lighting performance: 70% lumens at 50,000 hours
- IP44 rated
- 90° beam angle
- Die-cast aluminium bezel
- Up to 76 lumens per watt
- 3 year warranty

BENEFITS

- Ideal replacement for conventional 18W or 26W plug-in tube downlights
- Chip-on-board (COB) design with integrated driver – for easy installation
- Up to 40% energy savings compared to CFL
- Rigorous manufacturing control measures for product quality assurance
- Uniform and even light distribution for visual comfort
- Instant start
- Compatible emergency packs available (simple plug and play connectors)
- Suitable for humid and damp conditions
- Part L compliant

SIENA REFLECTOR LED

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

SIENA REFLECTOR

Instant start integrated LED reflector downlight, with Dim to Warm technology.

FEATURES

- Recessed Integrated downlight
- Metal housing with polished aluminium reflector
- Dim to warm technology built in
- High lighting performance: 70% lumens at 50,000 hours
- 60° beam angle
- Up to 69 lumens per watt
- 3 year warranty

BENEFITS

- Ideal replacement for conventional plug-in tube downlights
- Dim to warm technology – emitting a warmer light when dimmed from 2800K to 1800K, simulating the characteristics of halogen
- Low glare aluminium reflector
- High light output ratio
- Rigorous manufacturing control measures for product quality assurance
- Instant start
- Part L compliant

APPLICATIONS

- Retail lighting
- Offices
- Hotels
- Corridors
- Cafes
- Shopping Centres

VERSOFIT FIRE RATED

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

VERSOFIT

VERSOFIT

The new standard for fire rated LED downlights, a fully integrated yet serviceable LED module.

FEATURES

- Fully integrated LED fire rated downlight
- Fixed, tilt and IP65 variants, in warm and cool white colour temperatures
- White, chrome and satin chrome finish options
- Dimmable, 240V mains dimming on leading edge circuits
- High lighting performance: 70% lumens at 30,000 hours
- Up to 78 lumens per watt
- Fully compliant and certified to BS476 Part 21
- 4 year warranty

BENEFITS

- Serviceable LED module for ultimate control, allowing upgrade or colour temperature change
- Advanced thermal design lowers operating temperatures and extend life
- Easy click connectors, large push button terminals and loop in loop out features for easy installation and wiring options
- Complements the Megaman lamp range with unique honeycomb lens design to diffuse light and replicate halogen look and feel
- Rigorous manufacturing control measures for product quality assurance
- 240V, no external driver required – easy install and maintenance
- Thermally approved for fire rated fittings
- Part L compliant

APPLICATIONS

- Retail lighting
- Social housing
- Offices
- Kitchens
- Bathrooms
- Residential

VITO LED DOWNLIGHT

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

VITO

A dynamic retail downlight offering incredible light output, stability and thermal management.

FEATURES

- Fully integrated recessed adjustable LED downlight, suitable for Tecoh RDx modules
- For Megaman Tecoh RDx modules (4100 to 5100 lumens)
- High lighting performance: 70% lumens at 50,000 hours
- Perfect White technology available
- Order external driver separately (non dimming, dimming or DALI)
- Design gives formidable thermal management
- Available in white and silver
- Up to 91 lumens per watt
- 3 year warranty

BENEFITS

- Energy saving solution for retail applications providing long life
- Ideal replacement for metal halide lamps up to 70W
- Stylish die-cast aluminium housing
- Gimbal construction provides multi directional tilting and focus
- Perfect White option intensifies and brightens the white colour, perfect for retail lighting
- Easy installation, with standard cut out sizes
- Rigorous manufacturing control measures for product quality assurance
- Part L compliant

APPLICATIONS

- Retail lighting
- Museums
- Showrooms
- Car showrooms
- Shopping Centres

LUCCA DOWNLIGHT

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

LUCCA

Simple, functional, reliable
downlight.

FEATURES

- For PAR16 GU10 reflectors
- Die-cast aluminium body
- Available in white
- 30° tilting angle
- 2 year warranty

BENEFITS

- Suitable downlight solution for Megaman LED GU10s (3.6W, 4W, 5W, 6W and 7W Megaman GU10 lamps)
- Rigorous manufacturing control measures for product quality assurance
- Can be used with Megaman maintained emergency pack EGM1234
- Adjustable tilting for precision lighting

APPLICATIONS

- Retail lighting
- Offices
- Hotels
- Elevators
- Corridors
- Residential
- Restaurants
- Leisure

SPECIFICATION

LUCCA DOWNLIGHT - FIXTURE ONLY

Suitable Lamps: 4W, 6W and 7W GU10 Professional / 3.6W, 5W and 5W 74mm GU10 Economy **Rating:** IP20

TRACK 3-CIRCUIT SYSTEM

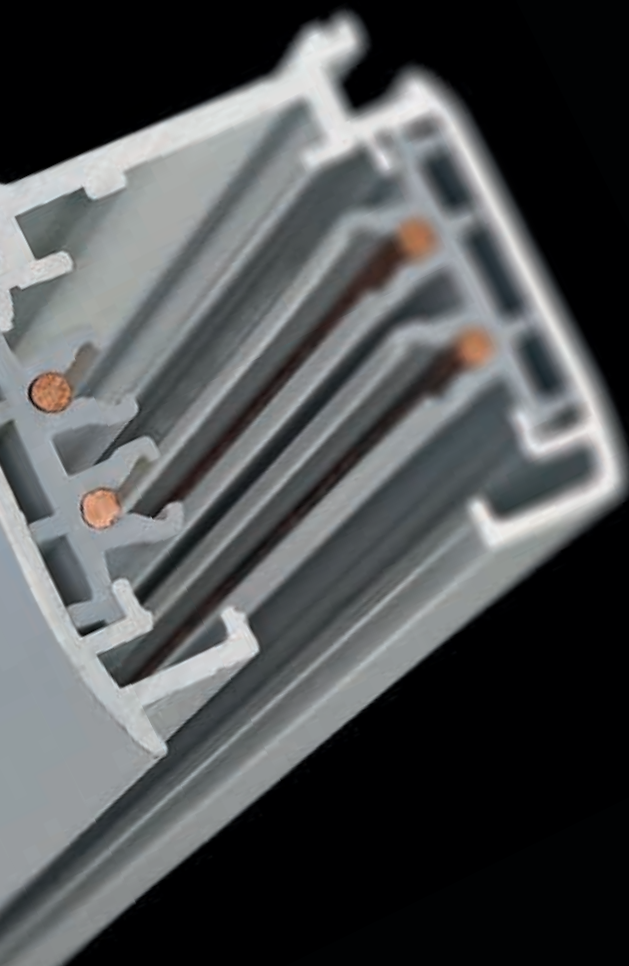

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

TRACK

A high quality three circuit display lighting solution with ageless appeal and simple proven functionality and reliability.

FEATURES

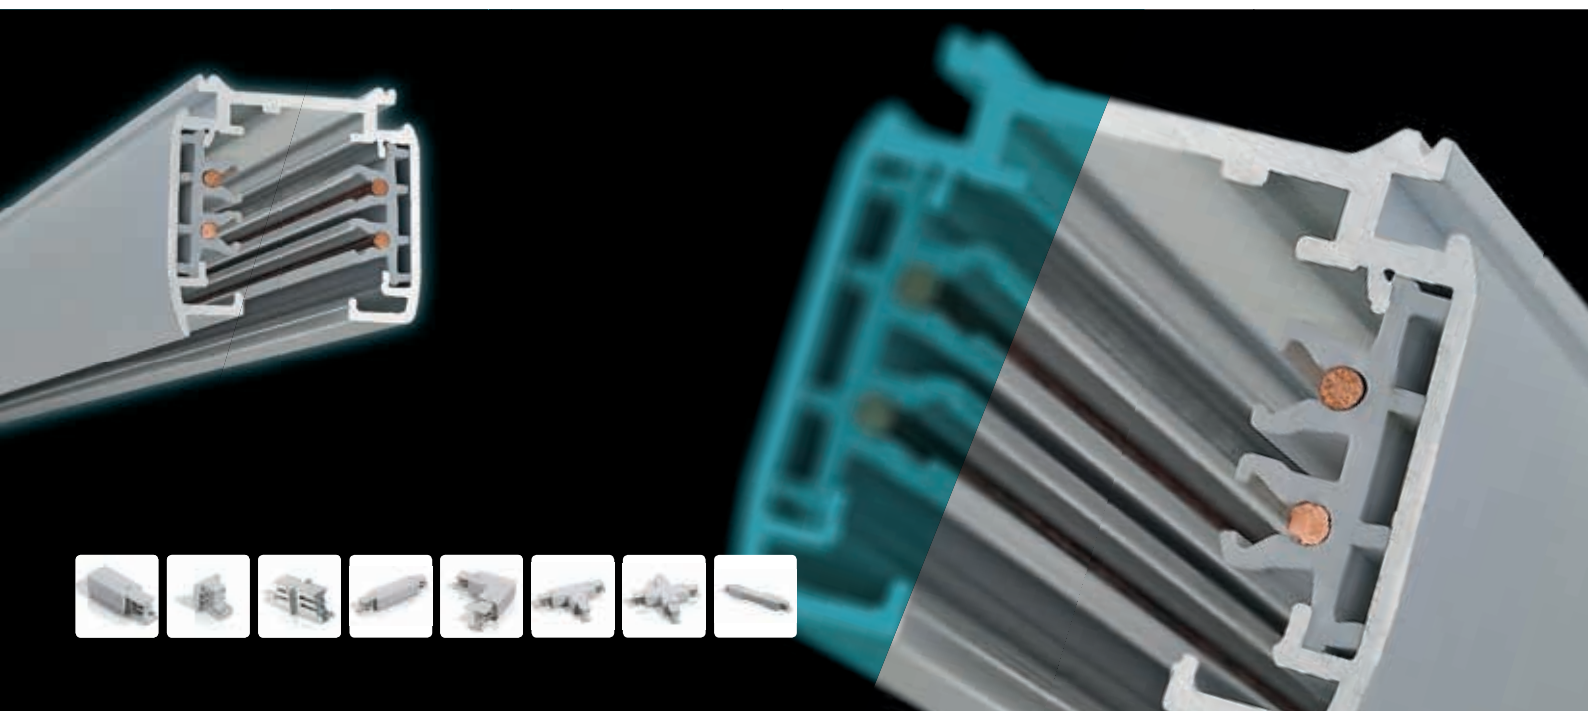

- 3 circuit surface mounted track, 230V 16A
- Tough aluminium profile in 1m and 2m lengths (3m options to order)
- Universal track configuration
- Available in black and white
- Accessories including flexible joints, couplers and connectors sold separately
- 2 year warranty

BENEFITS

- 3 circuits allow for multiple scene setting options to create varied effects
- Suitable for wide variety of Megaman track spots utilising LED lamps or innovative, high performance modules including Megaman Tecoh MHx and Tecoh RDx (comes with universal track adaptors)
- 3800W loading potential across 3 circuits
- Extensive range of accessories allows for versatility and limitless design options, can add or remove track spots easily as required
- Can be surface mounted, suspended or recessed
- Can be painted special colours to fit with application
- Rigorous manufacturing control measures for product quality assurance

APPLICATIONS

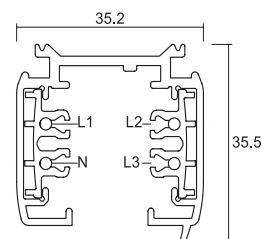

- Retail lighting
- Museums and galleries
- Showrooms
- Car showrooms
- Exhibitions
- Hotels
- Restaurants

MODENA TRACK LIGHT

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

MODENA

A stylish, versatile and classic design offering discreet lighting with a number of LED module options and outputs.

FEATURES

- 3 circuit track light solution with Tecoh RDx or MHx module
- Variants for Megaman Tecoh RDx and MHx modules available covering outputs of 2200 to 4400 lumens
- Perfect White technology and dimming options available
- High lighting performance: 70% lumens at 50,000 hours
- Precision engineered adjustable arm gives 335° rotation and 90° tilt
- Available in black and white colours
- 25° or 45° beam reflectors sold separately
- Up to 104 lumens per watt
- 3 year warranty

APPLICATIONS

- Retail lighting
- Window displays
- Restaurants
- Hotels
- Museums and galleries
- Showrooms

BENEFITS

- Ideal replacement for metal halide with superior colour stability and significantly lower lumen depreciation
- Robust body contains driver for easy installation and keeps heat of module away from electronics in driver (can also be retrofitted with 1-10V or DALI dimming driver)
- Works with LED modules for future proof design – capsule head is exchangeable and upgradeable
- Tecoh RDx can be run at various driver settings, Tecoh MHx provides low glare and stunning optical photometry
- Robust engineering design prevents weight induced drop and keeps focus on objects
- Perfect White option intensifies and brightens the white colour, perfect for retail lighting
- Additional reflectors allow medium to narrow beam optics for accent lighting effects
- Glass cover eliminates spider and dust ingress
- Part L compliant

BERTO

An exceptional LED lay-in fitting for use in high footfall applications where access is limited and maintenance difficult.

FEATURES

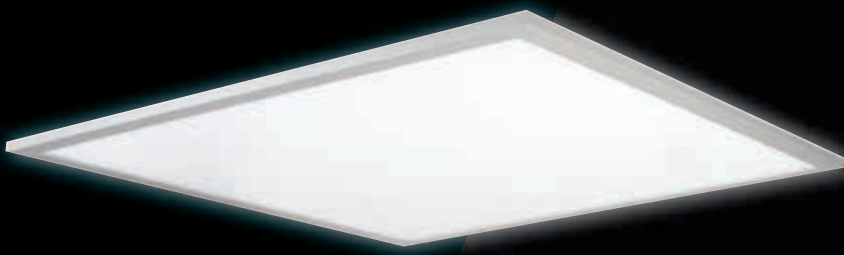

- Ultra slim LED panel
- Available in 40 and 50W variants (total system power)
- Comes with high quality BAG non dimming driver (dimming driver, 1-10V operation or DALI available separately)
- Maintained emergency options available
- High lighting performance: 70% lumens at 50,000 hours
- Up to 82 lumens per watt efficacy
- Surface and suspension mounting kits sold separately
- 3 year warranty

BENEFITS

- Perfect for shallow ceiling voids
- Direct replacement of 4 x 18W T8 or 3 x 24W T5 fluorescent fittings
- Rigorous manufacturing control measures for product quality assurance
- Easy installation and maintenance with wipe free surface
- Long maintenance period and low lumen depreciation
- Increased visual comfort due to low glare diffuser
- Wide beam angle makes it ideal for general lighting use
- Suitable for use in exposed T-grid ceilings
- Fully Part L compliant

APPLICATIONS

- Offices
- Shopping Centres
- Retail stores
- Schools
- Hospitals

CORTONA FLOOD LIGHT

PART OF THE MEGAMAN FIXTURES RANGE

MEGAMAN®

CORTONA

Energy saving floodlight with PIR sensor for security use.

FEATURES

- For Megaman fast fit Tecoh CFx mains voltage modules, sold separately
- 15W and 20W non dimming modules or 20W and 30W dimming modules available (in 2800K or 4000K)
- High lighting performance: 70% lumens at 35,000 hours
- PIR technology (multiple beams)
- IP54 protection with aluminium alloy body
- Up to 66 lumens per watt
- 3 year warranty

BENEFITS

- Twist-lock lamp holder design for easy installation and maintenance of module. Also allows for easy and quick change of wattage and colour temperature if required.
- Ideal replacement for halogen or metal halide applications
- Several different modules available - allows for varied lighting effects
- Rigorous manufacturing control measures for product quality assurance
- Suitable for outdoor applications with low corrosion body
- PIR mode allows for security lighting, can be switched off to provide permanent 'on' mode
- Low glare output
- No external driver required
